2. Clean the body bonding surface with a sponge dampened in alcohol. After cleaning, keep oil, grease and

2006 Acura MDX

2003-06 ACCESSORIES & EQUIPMENT Fenderwell - MDX

water from getting on the clean surface.

3. Apply clear sealant (C) into the channel of the fenderwell trim from end to end.

Sealant: Cemedines P/N 08712-0004, or equivalent

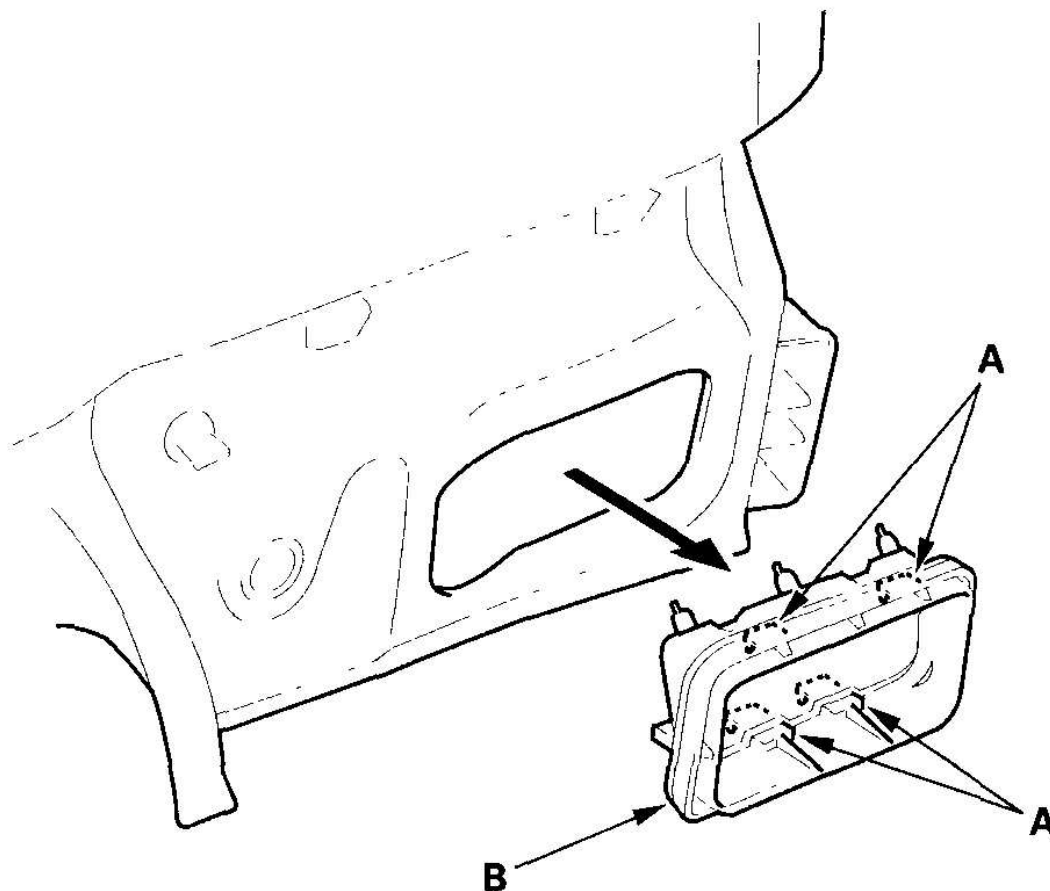

4. Install the fenderwell trim.
5. Scrape or wipe the excess sealant off with a towel. To remove sealant from a painted surface, wipe with a soft shop towel dampened in alcohol.

REAR AIR OUTLET REPLACEMENT

1. Remove the rear bumper, '03 model (see '**03 MODEL** '), '04-06 models (see '**04-06 MODELS** ').
2. Detach the hooks (A), then remove the rear air outlet (B). Take care not to scratch the body.

NOTE:

- '**03-04 models have an outlet on the driver's side.**
- '**06 model has an outlet on both sides of the vehicle.**
